the

# “Class Dismissed!” ride

Join us on the afternoon of the Group Riding Seminar for some real-world practice of those newly learned skills. (Also if you were unable to make the class but would just enjoy a short afternoon ride after hanging out at the Bull Run Harley event on the 24th.)

We’re going to meander over to Frosty Moose in Woodbridge for some soft serve ice cream. Then it’s back to the dealership by 4:30 or so, logging a total of just under 50 miles.

Nothing challenging, but a good opportunity to get some riding in, to enjoy good company, and to celebrate getting out from behind that school desk.
